

city street sweeping schedule

Do you know that trash and debris in the street gutters can easily flow into nearby storm drains and go to the nearest stream or creek untreated? To keep our environment clean and healthy, the City now has adopted new street sweeping schedule that ensures the City's 386 curb miles of streets will be cleaned on a regular basis.

This guide has been prepared to help you know when your street will be swept by City crews. Residential streets are now swept once a month, while downtown streets are cleaned three times a week and major arterials such as Ygnacio Valley Road and medians are cleaned each week.

How you can help...

- Check your street sweeping schedule for your street in this guide.
- Move vehicles off the street into the garage or driveway.
- Remove items off the street, such as trashcans, basketball backboards, recycled material receptacles, and other obstructions.

If you have any questions about the City's street sweeping program, please contact Streets & Drainage Maintenance Division at 925-943-5854.

How to use this guide

Simply locate your street and its corresponding zone, then check the zone number for your street with the schedule at right.

For example: Dora Avenue is in Zone 20, which is swept the fourth Friday of the month.

This directory only lists public streets with curbs considered residential within the City of Walnut Creek.

If your street is not listed, it is either a private street (which will not be swept), or it will be swept on a downtown or major arterial schedule.

Note: There is NO street cleaning on City holidays or rainy days. There are no make-up days for these occurrences.

Check your street's zone number against the chart below:
