## Fiscal shortfalls dictate lean budget

By Gary Pokorny, City Manager

By the end of June, the City will adopt its 2010-12 budget.

It won't be an easy process. With substantial shortfalls projected over the next two years, program cuts are inevitable.

Gary Pokorny

Many of you participated in last year's two-part "Community Conversation on Balancing for the Future," designed to involve the public in our budget process in a new way.

Step 1 of the Conversation asked community members to help define the six Goals established by the City Council. The Goals are: A Safe Community; Culture, Recreation and Learning Opportunities; Economic Vitality; Strong Neighborhoods and a Sense of Community; Stewardship of the Natural and Built Environment; and Effective Transportation and Mobility Options.

Step 2 of the Conversation invited community members to invest a virtual \$500 among the goals/sub-goals they considered to be the highest priority. Some 170 people participated in this second step; while not a large number, they were broadly representative of our community's demographics.

Culture, Recreation and Learning Opportunities received 24 percent of the virtual dollars, followed by A Safe Community (21 percent) and Economic Vitality (18 percent). The Strong Neighborhoods, Stewardship and Transportation goals received 12 percent, 13 percent and 12 percent, respectively.

## Korean War focus of Memorial Day event

Sixty years ago, in June 1950, the Korean War began. This year, the City of Walnut Creek will give special attention to remembering the veterans of that war at our Memorial Day Observance.

As is tradition, the observance will also honor all service personnel who gave their lives for our country.

The Memorial Day Observance begins at 10 a.m. Monday, May 31 at the Civic

Park gazebo, and will conclude with the laying of a wreath at Veterans Memorial Plaza.

The Walnut Creek Concert Band, under the direction of Harvey Benstein, will perform.

All veterans and active duty services personnel and their families are especially invited to attend. Please contact City Clerk Patrice Olds at 925-943-5819 or [olds@walnut-creek.org](mailto:olds@walnut-creek.org).

## Police volunteers offer free vacation house checks

As you're making summer plans, don't forget to request a free vacation house check from Walnut Creek's Volunteers in Police Services (VIPS).

These trained volunteers perform a thorough inspection of your property while you are away. They act as an 'extra set of eyes and ears' on patrol to improve

neighborhood safety. This service is provided to vacationers who are gone for at least 3 days, up to a maximum of 30 days.

To request your vacation house check, go to [www.walnutcreekpd.com](http://www.walnutcreekpd.com) and click the vacation house check link. Or call 925-256-3525.

## Center REP's 44th season announced

The City's professional theatre company, Center REPeritory, is getting ready to raise the curtain on its most diverse season yet, says Artistic Director Michael Butler.

"Two musicals—one a classic and one a celebration of the classics, a French farce, a great American classic, a re-imagined thriller and the second season of our new Off Center series with two regional premieres," Butler said.

"Three of our offerings are set in another period of economic stress: the 1930s. Yet all three present a unique and hopeful take on tough times in which resilience and character triumph over despair. It's thoughtful entertainment."

Butler will direct Bram Stoker's gothic thriller *Dracula* as well as Harper Lee's timeless American classic *To Kill a Mockingbird*. Director and Choreographer Robert Barry Fleming returns to open and close the season with two musical favorites, *She Loves Me* and *Blues in the Night*. Charles Dickens' "A Christmas Carol" will return for its 13<sup>th</sup> year, followed by the Tony Award-winning comedy "Boeing-Boeing."

"It's a season that celebrates strength of character and strength of the individual," added Butler. "Atticus Finch stands up to society, Georg stands up to his boss, even if it means jeopardizing his job during the Depression, and the women in *Blues in the*

# Budget

## From front page

At the same time the community was weighting the Goals, staff was taking each of our programs and scoring it against its effectiveness in achieving each Goal.

The staff scores and community weighting were then merged to create a ranked list of programs.

The list is available on our website with a detailed description of the prioritization process.

Prioritization is one tool we are using in preparing the budget, but it is not a magic bullet. It does not mean that all low-ranking programs will be cut nor that all high-ranking programs are untouchable.

Continued community involvement is important as we work together to find the right balance between the resources we have, the programs we want, and maintaining the quality of life that makes Walnut Creek so special.

I encourage you to stay informed and involved throughout this process.

There will be a number of Council budget meetings and study sessions over the next two months. For the most current meeting information, go to [www.walnut-creek.org](http://www.walnut-creek.org).

## Two new commissioners named to 3-year terms

The City Council on March 2 appointed two new commissioners to three-year terms.

Michael Fotheringham was appointed to the Design Review Commission and Joe Stadum joins the Parks, Recreation and Open Space Commission.

## Open Space programs abound this spring

Our Open Space is a treasure that everyone should enjoy. Open Space rangers have an array of programs for every interest, age and ability.

Ranger Dan Bylin's "Frog Fanatics" takes folks on an evening stroll around Borges Ranch and Bob Pond on May 1 in search of amphibians, while May 16 finds Ranger Art Janke teaching how to harvest and sample fresh honey at Howe Homestead. ## Ygnacio Valley roadwork paves way for John Muir Health expansion

**R**oadwork on Ygnacio Valley Road and La Casa Via in preparation for the opening of John Muir Health's new five-story hospital tower is expected to continue through November. The street improvements are being done to improve traffic flow around the medical center.

To reduce the impact on motorists, work will be limited to one lane closure at a time between 9 a.m. and 3 p.m. on weekdays. Work on weekends and at night will be limited to critical traffic

transitions and is expected to be minimal.

Work schedules will be communicated to neighbors, homeowner associations and businesses on an ongoing basis.

John Muir Health has also launched a web site [www.johnmuirhealth.com/roadwork](http://www.johnmuirhealth.com/roadwork) to provide

information about the improvements, a general phasing and outline schedule, a "look ahead" at upcoming work that may disrupt traffic and the specific schedules of these impacts, and contact information for concerns or questions.

## WC to PH BART tracks closed May 28 - June 1

BART tracks between Walnut Creek and Pleasant Hill will be closed from 9 p.m. Friday, May 28 to 1:30 a.m. Tuesday, June 1 to accommodate installation of new crossover tracks.

BART will provide free bus service between Walnut Creek and Pleasant Hill BART stations while the tracks are closed.

Passengers should allow up to 20 additional minutes for the bus detour.

The Central Contra Costa Crossover Project is expected to allow more trains to be run between Pleasant Hill and San Francisco, providing more seating during peak commute hours.

For more, go to [www.BART.gov](http://www.BART.gov).

## Citizens able to report crimes on-line

Citizens can now report certain types of crime to the Walnut Creek Police Department simply by logging on to the Internet.

The CopLogic program can be used to file reports of vandalism, theft, lost property, identity theft, vehicle tampering, harassing telephone calls, non-injury accidents and crime tips.

Emergencies should *always* be reported by calling 9-1-1. And non-emergency criminal activity that does not fit the criteria for online reporting should be reported by calling 925-943-5844.

A report can be filed online if the following criteria are met: The crime occurred within the city limits of Walnut Creek; the suspect is unknown; the reported incident is not an emergency; and, the report is one of the types of crimes allowable for online reporting.

Once police have reviewed an online report, the reporting party will

receive an email copy with an assigned WCPD case number. The report will automatically merge into the police department records system, where it will receive the same investigative and statistical analysis as a report filed by a police officer.

Filing a report online means not having to wait until an officer can respond. Walnut Creek police officers handle an average of 30,000 incidents per year. While the average response time to the scene of an emergency is less than four minutes, during periods of peak demand, the response to non-emergency calls may be delayed.

Victims benefit from online reporting by not having to wait for a police officer, and public safety is enhanced when police man-hours are saved, freeing officers for other duties. To access the program, go to [www.walnutcreekpd.com](http://www.walnutcreekpd.com).
