**Supplemental Comments on Noise Impact Assessment**  
Salter Project: 19-0188

Dear City Staff:

Recently, slight changes have been made to the site plan and traffic volume analysis for this project related to the proposed retail/commercial uses. We have reviewed the changes and found that they would have negligible effects (i.e., less than one decibel) on the results of our analysis and would not change our conclusions related to noise impact as outlined in our 27 June 2019 report.

Sincerely,

**CHARLES M. SALTER ASSOCIATES**
