READ AND SIGN BY PERSON AUTHORIZED TO GUARANTEE PAYMENT

Hourly Rate:

I understand that charges for staff time spent processing this application will be based on the Council-approved fee schedule. See attached pages from council approved fee schedule for current hourly rates. Charges for staff time apply to the processing of all development applications and appeals, such as General Plan amendments, Zoning Ordinance amendments, use permits, subdivisions, design review, environmental review, house moving and all other development review processing.

Fees & Deposits Schedule:

The 2018-2020 Fees & Deposits schedule has been updated to include Master Fee Schedule changes approved by City Council and effective October 8, 2018. Please review the new schedule for a complete list. Within that list, please note two fees in particular:

- I. Public Hearing Noticing Fee, \$215 per hearing: This fee will replace charges that were previously billed at an hourly rate plus direct expenses.
- II. Planning Records Fee, \$35 per entitlement: This fee is similar to the records imaging fee charged for building permits and offsets costs incurred for planning permit records management.

Deposits:

Further, I understand that my **initial deposit is a retainer and not a fee.** Each application requires a deposit. The total deposit amount is the sum of the deposits for each type of application requested. The deposit amount for each application type reflects the average amount of time spent to process a standard application of that type; the deposit neither reflects the individual aspects of a project that may extend the processing time nor is the deposit amount intended as a cap. **This deposit will set up an account, which shall be charged at the current hourly rate for all staff processing time.**

Further, I understand that **at the time that costs exceed the deposit amount, I will be billed monthly at the current hourly rate for the additional charges.** If the final costs are less than the deposit amount, the unused portion of the deposit will be returned to me at the conclusion of the process or final inspection of the completed project, whichever occurs later. (The necessary staff time will vary according to the complexity of the application and the project.) I must notify the City at least 30 days in advance of any project / entitlement transfers (e.g. change in ownership, etc.) and any changes to the applicant / owner / billing contact information.

Tasks Associated with Application Processing and Review:

Further, I understand that **staff processing time may include, but is not limited to:**

- I. Initial review and ongoing processing by Planning, Building, Engineering, Transportation and Public Art Divisions and the City Attorney's Office, including but not limited to:
 - A. Reviewing plans / submittal packages
 - B. Routing plans to and communicating with inter-office departments and outside agencies
 - C. Researching documents relative to site history
 - D. Site visits
 - E. Consulting with applicant and/or other interested parties
 - F. Preparing environmental documents
 - G. Drafting of staff reports and resolutions
 - H. Preparing pertinent maps, graphs and exhibits
 - I. Attending meetings / public hearings before the Zoning Administrator / Commissions / Council
- II. Plan checking subdivision, parcel and final maps and subdivision improvement plans by Planning and Engineering Divisions subsequent to receiving discretionary approvals.

PLEASE INITIAL BOX:

Tasks Associated with Application Processing and Review (Continued):

- III. Plan checking building permits by Planning, Engineering, and Transportation Divisions and plan checking Site Development permits by Planning and Transportation Divisions, subsequent to receiving discretionary approvals;
- IV. Final on-site inspections of the project by Planning, Engineering and Transportation Divisions;
- V. Enforcement by Planning and Engineering Divisions of any conditions of approval imposed by the City.

I also understand that receipt of all discretionary approvals does not constitute an entitlement to begin work. Other approvals may be required from the Building and Engineering Divisions, Consolidated Fire District, Central Sanitary District, County Health Department, Water Districts and other agencies. Refer to the City Fee Schedule for other fees to be assessed prior to the issuance of project permits. These fees may include, but are not limited to:

- 1. Building Permit fees
- 2. Site Development Permit fees which may include street frontage improvements and undergrounding of utilities
- 3. Traffic Impact fees
- 4. Drainage fees
- 5. Parkland Dedication fees
- 6. Fire District, Flood Control District, Sanitary District, Water District, etc. fees
- 7. Filing and microfilming fees
- 8. Base Map Fee

Unpaid Balances and Penalties:

In addition, I understand and agree to the following:

- I. Effective October 1, 2016, the City will charge interest at the rate of one percent (1%) per month on any unpaid planning application balances that are sixty (60) days or more in arrears.
- II. Unpaid balances may be referred to a collections agency.
- III. Failure to pay charges may halt or delay progress on the project and may result in a hold on any future permits at the property.
- IV. If the City activates "locks" to halt work on projects due to unpaid balances, the City may require the payment of penalty fees and / or additional deposits in order to release "locks" and resumework.

I hereby guarantee, as authorized agent for the applicant, owner and project sponsors, that they individually and jointly assume full responsibility for all costs incurred by the City in processing this application. I understand and agree that late charges may accrue on unpaid balances, unpaid balances may be referred to a collections agency, and failure to pay all charges will result in a hold on any future permits at the property.
