Attention:

In error, the second paragraph in the right column on page 4-13 ("The growth management policies do not restrict the rate or amount of residential development…") was not amended to be consistent with Policy 9.3 (located on page 4-14), as was adopted by the City Council on April 4, 2006. Staff intends to correct this error as part of a future General Plan Amendment to be brought before the City Council for their approval. Please note that despite this error, Policy 9.3 remains in force.
